## **Introduction:**

Community development seeks to empower individuals and groups of people by providing them with the skills they need to effect change in their own communities. A set of values and practices which plays a special role in overcoming poverty and disadvantage, knitting society together at the grass roots and deepening democracy.

## **Present Challenges**

Even though female entrepreneurship and the formation of women business networks are steadily rising, there are a number of challenges and obstacles that female entrepreneurs face. One major challenge that many women entrepreneurs may face is the traditional gender-roles society may still have on women. Entrepreneurship is still considered as a male-dominated field, and it may be difficult to surpass these conventional views. Other than dealing with the dominant stereotype, women entrepreneurs are facing several obstacles related to their businesses.

## 1. WOMEN EMPOWERMENT THROUGH SELF HELP GROUPS

---

### Self Help Groups in Chennai City slums

Slums have always been there in the past; they still exist; and they will continue to exist in the forthcoming years till the present flow of people from the rural area continues to cause over crowding the population and congestion in the urban centers. Due to the concentration of number of Industrial units and other service sector activities near the existing cities, unplanned urbanization and unabated migration and concentration of poor population from the depressed rural areas to the urban settlements, numerous problems of complex nature have emerged. Women development is the main focus of **IWDI** from the inception and is concentrating in formation of SHGs and in strengthening of women in Chennai City Slums. During the current year 2013-14 the following is the growth and the status of development of women SHGs.

**IWDI** has its 1458 existing Self Help Groups with more than 20,412 members (Women) in Chennai City Slums. They are includes widows, destitute women, disabled persons and other poorest of the poor women. These women are vulnerable in educationally and economically. After the intervention of the **IWDI**, there are lots of trainings and orientations with keeps on motivation given to the SHG women by periodically and empowered for their lives themselves through the creation of enterprises and other job opportunities. They are engaged internal lending and savings money, external credit management and also in life skills. The Economic emancipation measures undertaken by **IWDI** with Tamilnadu Women Development Corporation Ltd have enhanced the prestige of the women in the traditionally male dominated society.

### Self Help Groups in Gummudipoondi Block, Thiruvallur District

**IWDI** has maintained its 1474 existing Self Help Groups with more than 20,636 women members in Gummudipoondi block of Thiruvallur district. Rural women are extremely innocent than city slum areas women. They are includes widows, destitute women, disabled persons and other poorest of the poor women. These women are vulnerable in educationally and economically. They did not aware of women empowerment, education, social participation, legal aids etc. After the intervention of the **IWDI**, there are lots of trainings and orientations with keeps on motivation given to the SHG women by periodically and empowered for their lives themselves through the creation of enterprises and other job opportunities. These women are trained in savings, internal credit, and external credit management and also in life skills. The economic emancipation measures undertaken by **IWDI** with Tamil Nadu Women Development Corporation Ltd have enhanced the prestige of the women in the traditionally male dominated society. To organize rural poor into SHG groups and make them capable for self-employment. The idea is to developing better livelihood options for the vulnerable. Government have taken measures to move the SHGs to Federation in the Panchayat Level, all the SHGs formed in Gummudipoondi block were federated as PLFs guided by the Mahalir Thittam of Government of Tamilnadu.

## 2. STRENGTHENING THE TRADITIONAL ARTISANS

---

This Project is being implemented with the financial assistance of Department of Handicrafts, Ministry of Textiles, Government of India, Its aims to rejuvenate the Vanishing traditional industry of Handicrafts. Handicrafts constitute an important segment of the de-centralized/unorganized sector of our economy. it plays a significant role in the development of the economics of the country. This includes preserving cultural inheritance, employment generation, transformation of local raw materials into useful goods and supplies to meet the needs of both rural and urban communities. handicrafts also have great potential as they hold the key for sustaining not only the existing lot of millions of artisans spread over length and breadth of the country but also for the increasing large number of new entrants in the crafting activity. It is mainly a rural based sector which has its reach in backward and in-accessible areas. Presently, handicraft sector is contributing substantially towards employment generation and exports but this sector has suffered due to its unorganized nature along with additional constraints like lack of education, capital, and poor exposure to new technologies, absence of market intelligence and poor institutional framework.

Ambedkar Hastashilp Vikas Yojana (AHVY) was launched in 2001-02 ,**AHVY** as a Central Plan Scheme was launched wherein the main thrust was on adapting project wise, need based approach for integrated development of potential handicrafts clusters with participation of the craft persons at all stages of implementation of the scheme. The overall objective is of Socio-Economic empowerment of artisans and their sustainability.

These changes shall ensure sustainability of the clusters and cover existing gaps. Hence, the financial assistance under this scheme will be provided for the package of support which can be clubbed under the two parts 1) Social Interventions and extension support, 2) Comprehensive development support with the components as indicated.

## **Main Activities in this project are**

### **Social Intervention -Baseline Survey**

The vulnerable handicrafts are erstwhile lack of knowledge about the schemes developed by Govt. Their economical level also seems very poor and pathetic. They were faced difficulties to meet out their daily expenses with low income. As part of Social Intervention the Baseline Survey were conducted in the identified pockets of the slums in Chennai. The result and findings of the Baseline survey reveals that there is a potential for need our interventions. It's resulted to mobilize the members in to stronger groups to facilitate and attain the maximum market needs.

### **During the Implementation of the Project:**

**IWDI** intervene to the respective artisan's talent visibility through formation of SHGs, trainings with the support under AHVY scheme. To commit Govt. plans to the artisans with compatibility mode. Financial support for develop their occupation to the next level. IWDI is keeps on motivated them for their bright future.

### **Outcome of the Project**

Now the artisans got awareness about the Govt. schemes and as well as new innovative techniques about the Handicrafts and doing new models and sells with good prices. Their economical level also would be increased.

## 10. FAMILY COUNSELING CENTRE

---

### Family Counseling Center (FCC):

It is also noted that the poor, marginalized and socially excluded women are the victims of several violence and atrocities. These kinds of activities are caused by men of their own wards and elite community men. The women may not know the means for their mitigation and looking for any kind of supportive mechanisms for their rescue.

The women Self Help Group (**SHG**) meetings had given them a forum for their mutual interactions and discussions for their development. While participating the **SHG** meetings, the women started to share their grievances and recorded their expectations in the minute books of their proceedings.

The outcome of such documents had given an opportunity for **IWDI** to discuss the matters with the officials of Central Social welfare board, district social welfare officer and district collector, had initiated the formation and establishment of Family Counseling Center at Block level. Now the center is having one social worker and one counselor to guide the deserving women who are approaching the FCC. Apart from that the district collector will also referring the selected cases for counseling and guidance for the deprived women that are approaching the center.
